

Dear NGN Member,

Please find below the latest NGN news

- The first NGN Short Event on 23rd April will be on the Moyle interconnector system which interconnects Northern Ireland and Great Britain. This event will take place on the day preceding the Cigré UK / ROI joint meeting “Low carbon energy systems” ([click here](#)) which will be held on the 24 April in Belfast. The NGN Event is fully booked however it is still possible to register for the Cigré UK / ROI joint meeting. NGN members get a special discounted rate.
- The first NGN Core Event will be held at the National Grid control centre in Wokingham on the 27th April. Registration is now closed however you can still register your interest and attend in case some people are unable to attend. For information send an e-mail to register-wokingham@cigre-ngn-uk.org.
- A one day course on power systems protection will be held at the Cardiff School of Engineering on Wednesday 13th May, 2009. For further information and a copy of the programme please e-mail Dr. Ekanayake at ekanayakej@cardiff.ac.uk. Remember to mention that you are an NGN member.
- More events and activities are planned for 2009. So please remember to check the website at <http://www.cigre-ngn-uk.org/>

NGN Technical Visit to Didcot Power Station: proud NGN members with cooling tower
