

Dear NGN Member,

Please find below the latest NGN news

- The next Cigré NGN core technical event will take place in Wrexham at **Prysmian Cables & Systems facilities**. Topics covered in the presentations will likely include: A presentation of the Wrexham facility and its capability, an introduction to the cable manufacturing process, as well as more in-depth presentations on the development of 132kV/275kV/400kV transition joints and the Olympic Tunnel 400kV Project. A visit of the Wrexham works and the cable & components manufacturing operations will be part of the event programme.

Please register **before 29 June 2009** by email (Information required: name, affiliation, contact phone number) at register-wrexham@cigre-ngn-uk.org
