## Most recent events

### Paris 2010 - CIGRÉ 2010 SESSION

[A successful Cigré Paris Session took place in Palais de Congres, France in August 22 through 27.](#)

[All sessions had above expected attendance levels and the overall event went as planned.](#)

[For more details please see our Special Edition Newsletter for Paris Session 2010.](#)

- Papers presented are available at:

<http://www.cigre-ngn-uk.org/resources/publications.htm>

- The special reports for the 2010 Session can be downloaded from the Cigré homepage: <http://www.cigre.org/gb/events/session.asp>

## Technical corner

The following topics are currently open for discussion on Facebook.

We are interested in what you have to say...

- **Wind Power - Is there a point?**
- **Old vs New...**
- **Power Energy - Are all the eggs in one basket?**
- **New government, new faces, same scenario?**

Do you need any assistance with your thesis or your technical paper?

Let us know your topic through Facebook and we might be able to assist you.
